ABOUT THE AUTHOR

K. K. Agrawal (CS Kaushal Kumar Agrawal) is a seasoned GST and Income Tax Litigation Practitioner with over 25 years of dedicated experience in handling complex, high-stakes tax disputes across India. His professional journey has been rooted not in routine compliance, but in strategic tax advocacy — beginning at the stage of issuance of notice and extending through adjudication, appellate proceedings and Tribunal litigation.

His practice is built on a litigation-first methodology: meticulous statutory interpretation, procedural discipline, evidentiary structuring, and persuasive legal drafting. Every matter is approached with a long-term appellate vision — building a defensible record from the very inception of proceedings, and positioning each case to withstand judicial scrutiny at every subsequent forum.

He is a **Faculty Member at NACIN** (National Academy of Customs, Indirect Taxes & Narcotics), contributing to capacity building within the tax administration ecosystem, and a Taxmann-published author, having co-authored *Sabka Vishwas* with Puneet Agrawal. His YouTube channel and professional platforms are followed by over 54,000 Chartered Accountants, Advocates, and tax practitioners who look to him for structured, litigation-grounded insight into GST and Income Tax.

Founder of TaxByKK — Building India's Tax Litigation Ecosystem

He is the Founder of TaxByKK a litigation-focused professional platform built on a simple conviction: that every tax professional in India deserves access to the same depth of research and drafting rigour that large firms take for granted — delivered faster, and without error. This philosophy — to empower tax professionals with AI-driven tools that make practice easy, fast, and precise — now runs through everything TaxByKK builds:

[TaxByKK MCP Connector](#) — a purpose-built AI connector that, once linked to Claude, gives practitioners direct, in-assistant access to source-grounded GST research and drafting tools. Rather than relying on an AI's general memory, the connector reasons over the actual statutes, circulars, and notifications, and returns answers with exact, page-level citations — turning Claude into a working GST research and reply-drafting partner for notices, submissions, and representations.

notebooklm.taxbykk.com — a free research platform offering curated NotebookLM-style notebooks across GST, Income Tax, and Corporate Law, built for practitioners who want fast, reliable first-level research without a paywall.

gstat.taxbykk.com — a dedicated GST Appellate Tribunal resource hub, consolidating Bench-wise information, member directories, filing guidance, and a searchable repository of GSTAT judgments and orders from across India — built to help practitioners navigate the country's newest tier of GST litigation with confidence.

Beyond courtroom practice, CS K K Agrawal's mission is to strengthen India's tax litigation ecosystem by combining decades of practical advocacy experience with systematic drafting methodology and intelligent research tools — enabling professionals to move from compliance-centric work to disciplined, strategy-oriented tax advocacy. **His guiding philosophy, "Know Law Deeply, Fight Fearlessly,"** captures the standard he holds his own practice, and TaxByKK, to.
